

eScan for Android: To which number do I send the Anti-theft commands?

You should be sending the Anti-theft commands to the number which was Lost/Stolen.

Note: The commands will be executed by the Lost/Stolen device if these are received.

ie: if the SIM card is removed/deactivated from the Lost/Stolen device, the commands will not reach the device and the will not be executed.

Unique solution ID: #1386
