

eScan Mobility Management (EMM / eScan MDM): How to Enroll a device with the server?

Pre-requisites: eScan application should be installed on the device.

When you start the eScan application for the first time after installation, you will get the License Agreement screen. You will have to Accept the License Agreement to proceed.

After you tap on "Accept" the enrollment screen will be shown.

You can enter the details manually or by tapping the button "**Enter details through QR Code**".

Please Note: The details for the enrollment along with the QR code will be sent to you by the Admin via email.
