eScan Mobility Management (EMM / eScan MDM): Can I enroll Tablets (without calling facility) in the EMM/MDM console?

Yes, you can enroll Tablets (without calling facility) in the EMM/MDM console.

The mobile number required while adding the device to the console is just for recognizing the device. It need not be the actual mobile number. However, a unique number should be used for every device.

Unique solution ID: #1285
